Sanitation Measures taken by LUXUSEDGE against COVID-19

First and foremost, our focus is on keeping everyone safe! We have taken prompt action to get the needed health and safety precautions in place to help ensure the wellbeing of all our customers and business partners.

We are following the different requirements by local authorities and our contingency plans have been quickly put in place to minimize potential impact in our supply chain and delivery to customers.

Therefore:

All staff operating for Luxusedge have been carefully trained and given the proper “Know How” to work under the “new” mandatory hygienically guidelines, such as the constant washing of hands, wearing gloves and using masks wherever is advised.

As well as all stages of our food production areas are properly supervised to reduce or eliminate the risk of cross contamination. Cleaning and disinfecting of our facilities is carried out after every order prepared to all equipment, prepping areas and storing areas such as dried storages and fridges.
